

Digital radio car adapter

Albrecht - DR 57

- ▶ 5 preset station buttons
- ▶ Service Following Function
- ▶ Patented active DAB+ antenna with magnetic grounding, easy installation
- ▶ Traffic announcements

The digital radio (DAB+) car adapter DR 57 allows the noise-free reception of digital radio station in your vehicle.

The integrated FM Transmitter connects the DR 57 wireless to your existing car radio. The patented DAB+ antenna ensures the best possible reception and the magnetic ground connection simplifies installation in the vehicle considerably. The adapter also offers a hands-free talking function with Bluetooth-enabled smartphones and allows you to stream music from mobile devices.

The 2.4" TFT color display with backlighting offers even more comfort through improved visibility of the transmitter and information while driving.

For an optimal and flexible alignment of the adapter, the suction cup holder provides a rotatable ball joint.
