

ALBRECHT DR 463+

The Albrecht DR 463+ is a hybrid tuner with Internet, DAB+, FM radio and **music streaming** function for **connection** to your HiFi system or speaker system. You only need an internet connection and a WLAN router.

The **colour** display shows station names, station information and the time at a glance. The INFO button gives you even **more** information about bit and sample rate, codec, genre, location and date.

In addition, music data can be **transferred** from the PC to the stereo system or music can be sent **wirelessly** to an external speaker.

KEY FEATURES

Optical output
for digital transmission quality

Music send function
(e.g. from the DR463+ to a Bluetooth speaker)

Music streaming
from online music services
(e.g. Amazon Music, Deezer, etc.)
