

DR 866

The radio for seniors and blind people with voice-assisted menu navigation and senior mode

AUDIO

The Albrecht DR 866 is a user-friendly digital radio featuring voice-supported menu navigation for easy operation, even for those with visual impairments. It includes tactile symbols for button identification, ensuring accessibility.

It offers two modes: senior mode for basic functions and standard mode for additional features like station search. With large buttons, a 4-inch color display and a remote control, it's convenient for all users. The Albrecht DR 866 DAB+ and FM radio boasts a retro design and impressive sound quality.

KEY FEATURES

Intuitive, senior-friendly handling
For people with restricted vision, visually impaired or blind people

Voice-assisted menu navigation
For easy navigation

Large display
Easy-to-read 4" colour display

Noise-free DAB+ radio
Digital radio with many new stations

Selectable senior mode
Prevents incorrect operation

NEW: Voice-assisted menu navigation

The radio offers voice-assisted menu navigation, which allows users to hear where they are in the menu at all times. Each menu item is read out loud to make operation easy even for people with impaired vision, visual impairment or blindness. The radio also comes with a 3D sticker with tactile symbols that you can optionally attach under the buttons so that they are easy to identify. The perfect solution for barrier-free radio listening.
